

YOUR
WORLD
WITHOUT

TECHS

HELP KEEP AMERICA MOVING

TECHFORCE FOUNDATION'S ANNUAL FUNDRAISING CAMPAIGN

APRIL 15–MAY 1, 2024

Can you imagine a world without technicians?

It's a world where cars stay broken down, store shelves sit empty, airplanes never take off, and vital services disappear. TechForce is asking you to imagine a "World Without Techs" to consider realities that would affect your everyday life. We're leading the charge to help solve the technician shortage by providing the necessary resources and support for the next generation of techs

7,000 applications were received but we only had funding to award 1 of 4 students' requests for help.

TechForce Foundation's mission is to champion all students to and through their technical education and into careers as professional technicians. We are the only nonprofit 501(c)(3) committed to career exploration and workforce development of professional technicians across all sectors. On average, we are only able to provide scholarships and grants to 1 out of every 4 students who ask for help.

Your help can make all the difference in the lives of students.

JoiHelp fill the gap as we confront this pressing challenge. From April 15th to May 1st, we're asking supporters like you to donate and invite your network to join you in donating by participating in our peer-to-peer fundraising campaign.

This campaign isn't just about raising funds; it's about securing the future for real tech students. Donate or set up your fundraising page today!
